Epoxy Flake Floors are suitable for:

- Vehicle Garages
- Residential Houses
- Showrooms
- Gyms/Locker Rooms
- Office Blocks
- Retail Premises
- Schools
- Health Facilities
- Kitchens/Restaurants

Epoxy Flake Flooring is a unique and beautiful flooring option that creates a customisable non-slip decorative seamless floor. Synergy Building Supplies flake floor range incorporates high-quality Noroo Epoxy coatings and hard wearing Q-Coat Flake to create a cost effective and durable surface.

Different Base coat colours (White, Ash Grey and Gun Metal) can be used to achieve a light, grey or dark tone further increasing the colour range options. Ask us about customised flake mixes for a truly unique look.

Benefits of an Epoxy Flake Floor:

- **Decorative:** Choose from our range of flakes or contact us for a truly bespoke custom floor.
- **Seamless floor:** free from unsightly grout marks.
- **High wear resistance.**
- **Cost Effective:** when compared with other flooring options.
- **Non Slip:** textured feel offers natural slip resistance.
- **Easy clean up** from spills.
- **High chemical resistance.**

Colours displayed on this chart are an indication only. Colour variations can occur due to many factors including printing and application techniques. For more information talk to your applicator or local distributor.
